

Add new term/semester

To add a new term you have two ways:

OPTION 1: Duplicate an already existing term

Use this option if you wanna copy all the students and the structure. To do this:

1. Go to menu -> **Academic Settings** -> **Term** and click on

duplicate button ()

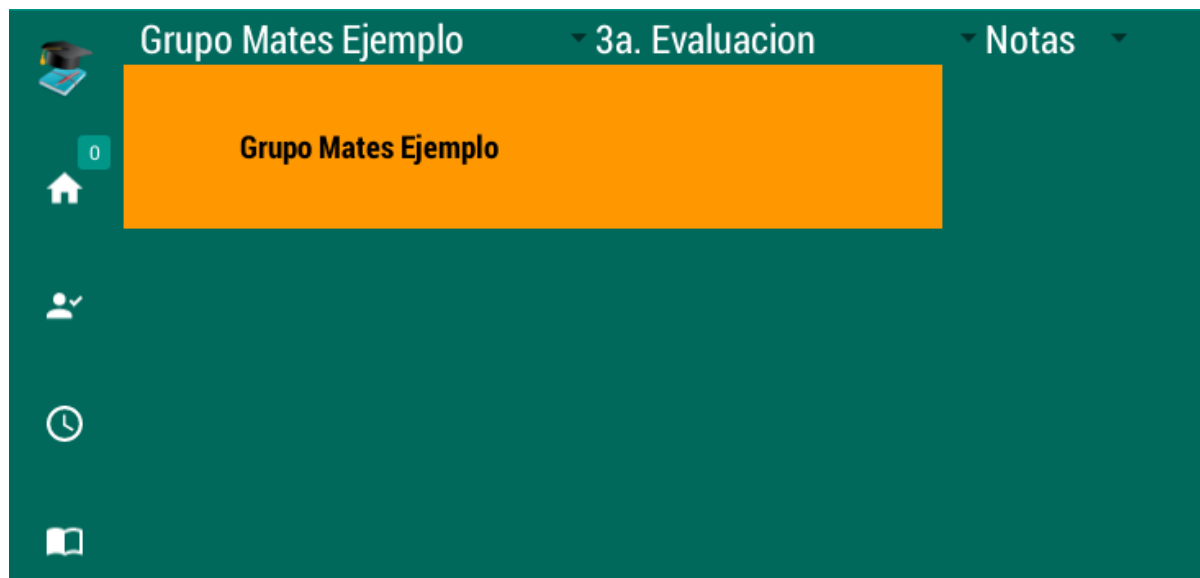

2. Follow the instructions

OPTION 2: Add a new empty term

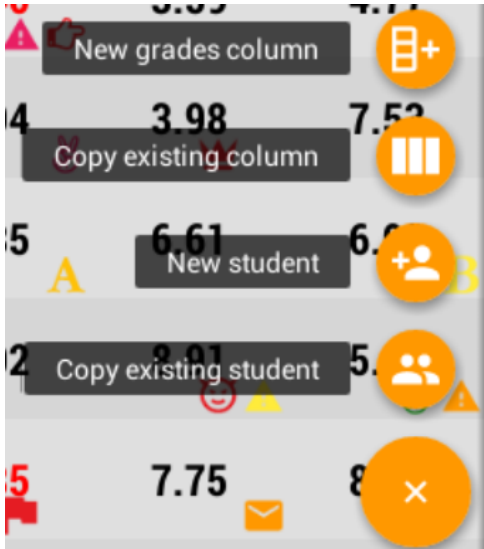

1. Go to menu -> **Academic Settings** -> **Term** to add a new

term ()

2. An empty data will be shown on new term data. It is because the app allows you to have different students in different terms:

3. To copy students from a previous term to the new term go to "+" menu and select "**Copy existing student**":

4. Pick the term and students you want to copy from:
